

# Instagram

- Ever opened Instagram for a quick break and lost half your day?
- Does one small doubt turn into a week-long investigation?
- Why let big creators stop you from starting small?
- Why stress over sending that club announcement when it can schedule itself?

# Here's the solution to all your problems

Introducing the new ***“STUDENT MODE”***

- Provides a much needed distraction free interface
- Optimise your profile with your academic details
- Provides you the best reels to get your doubts cleared in under a minutes
- Provides a platform for students to post their solutions for a question in the form of reels to get a small source of income for their daily needs
- Schedule your messages for your seniors

- Helps with avoiding distractions which has been a problems to most of the students
- Gives them a platform where they can clear their doubts.
- Students also get a small source of income for their daily purpose
- Scheduling messages benefits students a lot with their busy schedule

Let's make instagram helping students  
acheive their dreams!
